Billington Holdings plc

("Billington", the "Group" or the "Company")

£90 million of Contracts Awarded

Billington Holdings plc (AIM: BILN), one of the UK's leading structural steel and construction safety solutions specialists, is pleased to announce that the Group has recently been awarded 6 new contracts with a combined value of circa £90 million.

Billington has secured the largest single contract in its trading history to achieve its largest order book to date, materially ahead of the previous record of Q1, 2023. The contract wins span over a variety of sectors including power generation, manufacturing and retail logistics and will be delivered nationally over the next 24 months.

Mark Smith, Chief Executive Officer of Billington, commented:

"The award of these significant contracts is great news for Billington. They are a testament to our Group offering in a challenging trading environment and demonstrates that Billington is a steelwork contractor of choice. The Group currently has a record orderbook and these contracts provide further confidence that Billington will continue to perform well in 2024 and into 2025 further underpinning current market expectations. I look forward to providing further updates at the time of the release of the Group's results for the year ended 31 December 2023 in April 2024."
